

# SNORKEL

SHARP DESIGN, COMFORTABLE FIT

NON FLEX ————— FLEX

## IMPULSE 3

- Uses a two-valve system. Upper, annular valve directs any water out before it reaches the mouthpiece. Any water that does get past the annular valve drains out the lower valve
- Reservoir below the mouthpiece keeps breathing path clear.
- An optional, smaller size Comfo-bite is available
- Lower unit drops away for use with regulators (flex model)
- Comfo-bite mouthpieces are replaceable.

PART #	STYLE	COLOUR	RRP

## AQUILION PURGE

- Air Deflector enhances the purging operation.
- The vertical position of the Twin Elliptical Purge Valve helps the purging operation.
- Frame of the mouthpiece holder can rotate around the barrel. The diver can adjust the correct inclination.
- Bi-material corrugate which does not crush or deform.
- A flat, rather than round, face sits against the skin.
- Polycarbonate Valve Shield with photoengraved finishing.
- Bi-material splashguard with side dry chamber.
- Patented Comfobite mouthpieces, which does not require the user to clench their teeth, eliminate jaw fatigue.
- Comfo-bite mouthpieces are replaceable.

## ZEPHYR

- Splash guard with a purge channel on the top of the snorkel to prevent water ingress.
- Elliptical purge valve at the bottom for easy purging of any water that makes it past the splash guard and purge channel.
- Integrated corrugation zone that allows for flexibility like a flex snorkel, but the rigidity of a non-flex.
- The lower section rotates, allowing the user to get an ergonomic fit and allows for reduced jaw fatigue.
- Patented Comfobite mouthpieces, which does not require the user to clench their teeth, eliminate jaw fatigue.
- An optional, smaller size Comfobite is available.
- Comfo-bite mouthpieces are replaceable.

# SNORKEL

SHARP DESIGN, COMFORTABLE FIT

## BURAN

- This innovative snorkel is made completely from Silicone.
- Spray-proof cap reduces the possibility of water from waves and spray getting into the snorkel.
- The vivid red colour of the cap increases visibility from a distance, thereby increasing safety.
- Mouthpiece rotates around the single piece silicone body allowing for optimal positioning.
- Patented Comfobite mouthpiece, which does not require the user to clench their teeth, eliminate jaw fatigue.
- Double exhaust valve for an easy purge.

## AIR DRY

- One of the best all-round snorkels produced by Technisub.
- Spray-proof cap reduces the possibility of water from waves and spray getting into the snorkel.
- The vivid red colour of the cap increases visibility from a distance, thereby increasing safety.
- The high volume water collection section keeps water away from the mouthpiece whilst making purging easy.
- The mouthpiece can be turned to the most comfortable position in your mouth.
- Comfobite mouthpieces, which does not require the user to clench their teeth, eliminate jaw fatigue.
- Comfo-bite mouthpieces are replaceable.

## SNAP

You know you're supposed to have one, but if having a snorkel hanging off your mask is not necessarily your favorite thing, then this is the snorkel for you.

- Rolls up to fit comfortably into a BC pocket or can also be attached to a D-ring.
- The snorkel deploys in a snap, making it the most travel friendly snorkel ever.
- All silicone design for flexibility and durability.
- Regulator quality mouth piece.
- Secure-Easy™ snorkel keeper is soft and comfortable and allows for easy removal from the mask strap.
