The RESCUE Diver Course

2025 PRICE GUIDE

Challenging and rewarding best describes the PADI RESCUE Diver course. This course will expand your knowledge and experience level. RESCUE Divers learn to look beyond themselves and consider the safety and well being of other divers. Although this course is challenging, it is a rewarding way to build your confidence. PADI RESCUE Diver training will prepare you to prevent problems and if necessary, manage dive emergencies. **Many divers say this is the best course they've ever taken.**

Involving pool sessions to practice your skills, then culminating in the completion of Dive Accident Scenarios in the Open Water:

You will cover:

- Self-rescue and diver stress
- Emergency management and equipment
- Panicked diver response
- In-water rescue breathing protocols
- Egress (exits)
- Dive accident scenarios

The Course Also Includes:

- Your copy of the **Current** PADI RESCUE Diver Manual
- Accident Management Work Slate
- Resuscitation Pocket Mask
- Certification

PREREQUISITS:

To enrol in the PADI Rescue Diver course, you must

- Be 15 yrs or older (12-14 yrs can become Jnr Rescue Divers)
- Have a PADI [Advanced Open Water Diver](#) certification (or have a qualifying certification from another organization)
- Be trained and current for [First Aid and CPR](#) within the previous two years (Ask about [Emergency First Response](#) CPR and first aid courses).

RESCUE DIVER COURSE PRICES

Standard Course \$695

ADD: Gear Hire for Course: \$100

(BCD, Regulators & Computer)

No additional charge for wetsuit and soft wear.

REQUIRED EQUIPMENT:

- All Scuba Equipment (May be hired for an additional \$100 for the course)
- SMB (Surface Marker Buoy) Able to be deployed from a depth of 5 m.

Your Next Adventure?

After completing [CPR and First Aid](#) and the PADI Rescue Diver course, you should take the PADI [Emergency Oxygen Provider Course](#). Together the three courses round out your ability to handle scuba diver emergencies.
